PROFESSIONAL SUMMARY

Aspiring Full Stack Web Developer with a Bachelor's in Computer Applications (BCA) and a completed MERN Stack Web Development program. Passionate about building responsive and scalable web applications, eager to apply technical knowledge in a professional IT environment. Strong problem-solving skills, ability to work in a team, and a keen interest in continuous learning.

CERTIFICATIONS

Certification in Full Stack Web Development (MERN) – Illinois Tech US **07/2025**

Certification in Full Stack Web Development(MERN)-Entri Elevate **07/2025**

- **Learned and applied** full-stack web development (MERN) through hands-on, project-based training.
- **Developed and deployed** applications using **MongoDB, Express.js, React.js, and Node.js**, focusing on API integration, database management, and scalability.
- **Implemented** RESTful APIs, CRUD operations, and **designed responsive UIs** to ensure seamless functionality and cross-platform compatibility.
- **Utilized** Git/GitHub for version control, **deployed to cloud platforms**, and **optimized performance** for production environments.

EDUCATION

Bachelor of Computer Applications (BCA) 07/2017 – 05/2020
University of Calicut,Sree Narayana Guru College of Advanced Studies Nattika, Kerala

PROJECTS

HomelyCare Dashboard - Role based application 04/2025 – 05/2025
A role-based healthcare management system built with React, Tailwind CSS, Node.js, and Express.js, featuring secure authentication, responsive design, and APIs tested with Postman.

- Designed and implemented **role-based dashboards - GitHub** (Normal Users, Admins, Doctors, Staff) with secure authentication & authorization.
- Developed **appointment, patient, doctor, staff, task, and blood bank management** modules with full CRUD operations and real-time data dashboards.
- Integrated **chat, notifications, and feedback systems** to enable seamless communication and service improvement.
- Delivered a **responsive UI/UX (React + Tailwind CSS)** with a **scalable backend (Node.js + Express.js)** and tested APIs using Postman.

Kerala Tour Online – Travel Booking Website 01/2025 – 02/2025

- **Developed and deployed** a responsive **Kerala Tourism web app - GitHub** using **React.js** and **Bootstrap**, featuring interactive carousel, booking system, contact form, smooth navigation, and hosted on **GitHub Pages** with **Git/GitHub** for version control.

E-Commerce Web Application (React.js) 09/2024 – 10/2024

- **Developed and deployed** a responsive **e-commerce web app - GitHub** using **React.js**, featuring product listing, search, shopping cart, promotional functionalities, and modern UI/UX, hosted on **GitHub Pages** with **Git/GitHub** for version control.

SKILLS

- Front-End: HTML5 CSS3 JavaScript React.js Bootstrap Tailwind CSS
- Back-End: Node.js Express.js RESTful APIs
- Database: MongoDB Mongoose Firebase
- Version Control: Git, GitHub
- Development Tools: VS Code Postman npm yarn
- Soft Skills: Problem-Solving Team Collaboration Adaptability Communication
